Your Child's Development in the Early Years – Milestones and More!

Do you wonder how your child is doing developmentally? Curious about how to support your child's development? We'll look at some common milestones and resources for tracking development. Participants can share how they support their child's development across domains.

Tools for You to Use to Support Your Child's Development!

The number of resources for parents can be overwhelming! It's hard to remember everything you've read! Or where you found it online! This workshop will explore apps by [Vroom](#) and [How to Talk](#). The apps supply you with information at your fingertips or on the fly. These are apps for you to use to support yourself in parenting, not games to play online with your child.

Crafting With Your Children! Opportunity to Share Your Ideas!

There's a lot of crafting and home decorating that many people do at this time of year. Whether it is to bring nature inside or celebrate a holiday, many of you have fun crafts/art that you do with your family. Bring your ideas and samples to share with others! Ideas for children under age 5 preferred.
